

## C-CAP lookup table?

Posted by colin.brooks@mtu.edu - 2009/10/13 16:22

---

Hi out there - is there already a C-CAP (NOAA Coastal Change Analysis Program) lookup table that either the AGWA authors or other users have already created? Right now we're creating a MLRC-2001 to C-CAP (2006) conversion, but if one already exists, I'd love to use that. I'd also recommend that the AGWA team add C-CAP to its list of pre-support land cover types since it covers a good portion of the U.S. (including the Great Lakes region) and is available for 1996, 2001, and 2006. - Colin
